~~Part~~ B for Sept 02

SUBJECT

Grant of Rs 20000 for expenditure on Taluk School Buildings during 1902-03

Indexed JR

Covering letter HBB

W D 1351—GPB—20 000—15-12-15

2(a) Note

The amount required for the year 1902-1903 on account of Taluk school Buildings is Rs 47,825. In the Budget Estimates submitted by the D.P.I a 'Normal Provision' of Rs 10,000 has been entered In the absence of information as to the requirements for the year 1902-1903, the Councillor ordered that a provision of Rs 20,000 inclusive of the normal provision be made in the Budget This has been done The state Fund Budget Estimates are now before the Dewan

Submitted for orders

3/6/02

The 2nd Councillor

Read 4/6/02

The words mentioned

the 2 Lakh limit must be
lifted up gradually
as funds become available
not all at once. There
is no doubt that for
the next few succeeding
years, a more liberal
provision than the
usual normal grant
of Rs 60 thousand fixed some years back
must have been sanctioned
But- anything like
the large grant-
asked for (nearly
half a lakh) in
the first instance of the question -
has come in the last
decade as liberal as
possible - For 1902/03
I have proposed
Rs 2000 reduction
in the normal
grant - I am not-
prepared to go further
The 2 Lakh claimed by the
Pioneer this last week
would be an amount (if
granted) requiring, the
abolishing of the
Lahore one - Incomplete
works & repairs are

called to absorb the whole of the normal grant - the other line I understand is all that should be there are new words - the present proposal has not come up in previous time, but even if it had I should not have recommended the grant of more than twenty thousand.

Let this be sent at once to the Agent Secy with the reason for being pleased to the Budget Letter & to the Veteran mortgage -

Camp Nandidrug 29th may 1902

From

H J BHABHA, Esq, In A
Inspector General of Education in Mysore,

Section Education
File No 101 of 01
Serial No 1/a

To V Nagundayya Esq. M A M L
Secretary to the Government of Mysore
General and Revenue depts

SIR

I have the honour to submit herewith a list of building works to be provided for in the State Funds Budget for 1902 1903. I have included in the list only such works as are urgently required and rigidly excluded all others For new works a sum of Rs 36,587 will be required For incomplete works a sum of about Rs 7237 is provided The accounts of the incomplete works will not be complete in the office of the Chief Engineer until August or September next. The amount

Vide for them increase to an approximate estimate for minor works and repairs a sum of Rs 4000 has been provided as usual. The total amount required for building works is Rs 47,824 I shall be glad if Government in view of the great want of sufficient accommodation felt in all Talut schools throughout the Province be good enough to sanction the required provision

I have the honour to be
Sir
your most obedient servant

H J Bhabha
Inspector General

Provincial

Read — (1)

Letter No 10504/353 d 29th May 1902, from the DPI of Education, in Mysore, submitting for the sanction of Govt, a list of Building works in connection with Taluk Schools, for which ~~for which appropriations~~ funds will ~~will~~ be required during the year 1902 - 1903

Order thereon

No 3036-7 PS 1st Septr 1902
Ed F 19-96

A sum of Rs 10,000 ~~has been~~ entered by the DPI as usual in the State Fund Budget Estimates of the Edn Deptt for the year 1902 - 1903, on account of Taluk school buildings, it being the 'normal, annual allotment for the purpose ~~referred under this head,~~ ~~year after year~~, in

annual
the Estimates submitted
by him But this amount
is, in the opinion of the
Dfl, quite inadequate
to meet the demands that
would be made upon
it during the year in question
And it was also reported
by the Dfl that it would
not be possible to furnish
a fair estimate of the amount
that would be required during
the year before ~~August~~ Septr
next It was suggested by the Dfl
further
in this connection, that the
Normal grant of Rs 10,000
entered by him every year
in the Budget Estimates
may advantageously
be raised to Rs 20,000 or
25,000 in the first instance,
subject to alteration by Govt

At the same time the Insp Genl considered that the said normal provision of Rs 10000 was quite inadequate to meet the demand for such works, and recommended that the annual grant may be placed to Rs 20,000 or Rs 25000 in the first instance, subject to alteration by Govt at a later stage, i.e, when the Budget was finally passed

~~In a later stage i.e~~
~~when the budgets are~~
~~finally passed by Govt~~

2 Rough estimates for the amounts required on account of different kinds of works during the year 1902-1903, have however been subsequently furnished by the DSL, as detailed in the margin, ~~& it is requested~~ and it is intended that this total amount Rs 47,824 rcs'd & therefore may be sanctioned and included in the budget. ~~& that the next works mentioned in the statement referred to above be approved~~

Rs 36,587 for new works (vide statement received from the DSL)
Rs 7,237 for incomplete works (-do-)
Rs 4000 for minor works & repairs
Total Rs 47,824

3 Govt regret their inability either to raise the normal provision

in

in the manner suggested by the
I.S.E. or to sanction a ~~larger~~ grant
of nearly half a lakh ~~asked for~~
~~by them to be expended~~ for expenditure on buildings
in a single year They at the
same time recognise that the
normal provision will not be
sufficient for a few years to come,
as it is reported by the I.S.E. that
most of the Taluk Schools are
in need of better accommodation
In these circumstances ~~they~~ Govt
are pleased to sanction a sum
of Rs 20,000/- (inclusive of the
normal grant of Rs 10,000/-)
for the year 1902-1903 for Taluk
school buildings, which will
be included in the budget for
that year

4 The new works mentioned
in the I.S.E. list are evidently
too many to admit of their
being undertaken in a single
year only a few of them should
therefore be selected every year
in the order of

~~of their urgency as funds~~
~~permit and submitted in~~
~~time for the orders of Govt~~

3. A list of new works for which appropriations will be made during the current year out of the above allotment should accordingly be submitted by the Dfl for the information and orders of Govt Details should also be furnished for the amounts that will be set apart for incomplete works and for minor works and repairs
